

REPORT TO: Health & Wellbeing Board

DATE: 15th January 2014

REPORTING OFFICER: Strategic Director, Communities

PORTFOLIO: Health and Wellbeing

SUBJECT: A Mental Health and Wellbeing Commissioning Strategy for Halton 2013-2018

WARD(S) Borough-wide

1.0 PURPOSE OF THE REPORT

1.1 To seek Health and Wellbeing Board approval for the adoption and implementation of Halton's integrated Mental Health and Wellbeing Commissioning Strategy 2013-2018.

2.0 RECOMMENDATION: That:

The Health and Wellbeing Board:

- i) endorses the Mental Health and Wellbeing Commissioning Strategy 2013-2018.**
- ii) agrees to receive regular progress updates through the Mental Health Strategic Commissioning Board on progress in delivering the strategy action plan.**

3.0 SUPPORTING INFORMATION

3.1 National policy relating to mental health is set out in No Health without Mental Health – DH 2011 (NHWMH) which emphasise that mental health is everybody's business and sets 6 high level objectives with an emphasis on prevention and early intervention:

- more people will have good mental health
- more people with mental health problems will recover
- more people with mental health problems will have good physical health
- more people will have a positive experience of care and support
- fewer people will suffer avoidable harm
- fewer people will experience stigma and discrimination

3.2 Mental health problems are the single largest cause of ill health and

disability in the Borough. The Health and Wellbeing Board has recognised this by including “Prevention and early detection of mental health conditions” as one of its 5 priorities. The Health and Wellbeing Strategy 2013-16 includes actions to begin addressing this.

- 3.3 The Mental Health and Wellbeing Commissioning Strategy embraces the six objectives of NHWMH as the framework to address the challenge of improving mental health and wellbeing in the Borough.
- 3.4 This is Halton’s first integrated strategy for Mental Health and Wellbeing in the Borough bringing together commissioning intentions of Public Health, the Clinical Commissioning Group, Children’s Services and Adult Social Care. It is complementary to the Health and Wellbeing Strategy and has been informed by feedback at public engagement events hosted by the CCG and Healthwatch together with open consultation through a recent survey with those using services, carers, Halton residents and other key stakeholders.
- 3.5 The Mental Health and Wellbeing Commissioning Strategy sets out the strategic objectives and priorities for the next 5 years. An action plan is currently in development on how these will be achieved and resources required.
- 3.6 It adopts a life course approach which recognises that the foundations for lifelong wellbeing are already being laid down before birth, and that there is much that can be done to protect and promote wellbeing and resilience through early years, into adulthood and then on into a healthy old age.
- 3.7 In Halton, Commissioners have adopted a stepped care service model which promotes recovery. In this model the recommended treatment/intervention is the least restrictive of those available but still likely to provide significant health gain. This approach encourages individuals to take responsibility for regaining their own wellbeing and ensures effective use of scarce resources with the ultimate aim of improving the quality of life for individual residents and strengthening communities in Halton.
- 3.8 The strategy was considered by Health Policy and Performance Board on 7th January and will be presented to Executive Board on 23rd January. The overview of progress in implementing the strategy will be through the Mental Health Strategic Commissioning Board which reports to the Health and Wellbeing Board.

4.0 **POLICY IMPLICATIONS**

- 4.1 This strategy will support progress in delivering the three national

outcomes frameworks locally.

5.0 **OTHER/FINANCIAL IMPLICATIONS**

5.1 The action plan being developed contains a summary of resources required. These are primarily investment of staff time to effect the change or redirection of current investment to achieve service redesign. This is deliverable within existing staffing structures and funding levels; however the need to make efficiency savings across the system may impact on successful delivery of the strategy.

6.0 **IMPLICATIONS FOR THE COUNCIL'S PRIORITIES**

6.1 **Children & Young People in Halton**

The strategy takes a whole life course approach and thus promotes the health and wellbeing of children and young people from birth.

6.2 **Employment, Learning & Skills in Halton**

Employment is a key determinant of health and wellbeing. The recovery model referred to above encourages individuals to think about work and if appropriate set this as a goal to work towards.

Work may be needed with Local employers to breakdown preconceptions of the ability of those with mental health problems to retain employment

6.3 **A Healthy Halton**

Delivery of the Mental Health and Wellbeing Strategy will have a positive impact on the health of Halton citizens.

6.4 **A Safer Halton**

A number of priorities in the strategy promote safety of individuals and address stigma associated with mental ill health which will contribute to building stronger communities.

6.5 **Halton's Urban Renewal**

None identified.

7.0 **RISK ANALYSIS**

7.1 The Mental Health and Wellbeing Commissioning Strategy supports progress in delivering the strategic priorities of the Council for a Healthy Halton and the Health and Wellbeing Board "Prevention and early detection of mental health conditions"

The primary risk of not implementing this strategy is failure to improve the mental health and wellbeing of Halton citizens.

A full risk assessment has been completed for the Directorate's Risk Register.

8.0 **EQUALITY AND DIVERSITY ISSUES**

8.1 The strategy specifically aims to meet the needs of vulnerable people experiencing mental health problems irrespective of their protected group and will therefore have positive impacts for all groups.

An equality impact assessment (EIA) has been completed.
