2 August 2013

Dear Colleague

**The 2010 Adult Autism Strategy *Fulfilling and Rewarding Lives:*
Evaluating Progress – the second national exercise.**

This letter is to obtain your assistance in taking forward the second self-assessment exercise for the implementation of the Adult Autism Strategy. Local Authorities play a key role in implementing the recommendations of the Strategy and the statutory guidance that supports it.

The purpose of the self assessment is to:

- assist Local Authorities and their partners in assessing progress in implementing the 2010 Adult Autism Strategy;
- see how much progress has been made since the baseline survey, as at February 2012;
- provide evidence of examples of good progress made that can be shared and of remaining challenges.

An on-line return to Public Health England via the Improving health and lives website is required **by Monday 30 September 2013.**

I am sorry that this exercise is to a broadly similar timescale as the one on Learning Disabilities. We had tried to avoid this but with the information

launched in April 2011 to support localities with the delivery of the Adult Autism Strategy and the statutory guidance for health and social care which was issued in December 2010. The individual returns received and related reports from February 2012 can be found at www.improvinghealthandlives.org.uk/projects/autsaf2011.

We hope to get a national overview of local area implementation of the strategy, identify the good progress made with examples of the impact for people with autism where possible and for this to assist the review in developing next steps for the strategy. We are also keen to understand the challenges which may be impacting on progress and local solutions.

The list of questions is more focused than last time but will still enable a comparison with results from the 2012 exercise. For some questions there is a RAG rating system with scoring criteria for that question. If a question is scored Red or Amber, respondents will be asked to say what is stopping progress and for Green scores there will be the opportunity to say what actions have enabled progress. Examples of good practice and where actions have made a positive impact on individuals are also being sought.

It is important to come to a multi-agency perspective, including liaison with Clinical Commissioning Groups, to reflect the requirements of the implementation of the strategy, although the Local Authority is tasked with the consolidation of the return as the lead body locally. The returns will be analysed by the Public Health England learning disabilities observatory. The on-line questionnaire can be accessed at www.improvinghealthandlives.org.uk/projects/autism2013. Respondents should be aware that all local responses will be published in full online.

Action needed

I would be grateful if you could draw attention to and discuss this letter with the person who is responsible for adult autism within your authority, so that they lead the co-ordination of the return in your area. The timescale for completion of this part of the exercise is **Monday 30 September 2013**.

The response for your Local Authority area should be agreed by the Autism Partnership Board or equivalent group, and the ratings validated by people who have autism. I am also asking that you are aware of the content of the return when it is submitted and that it is discussed by the local Health and Well Being Board by the end of January 2014 as

evidence for local planning and health needs assessment strategy development and supporting local implementation work.

Technical detail on how the returns are to be made can be found on the improving health and lives website.

Queries on:

- The Autism Strategy Review itself can be sent to autism@dh.gsi.gov.uk
- Questions on the self assessment exercise can be sent via the ADASS Network e-mail address Team@ADASS.org.uk for the attention of Zandrea Stewart, the ADASS National Autism Lead.

The letter has been prepared with the support of Zandrea Stewart and Sam Cramond (Head of Partnerships, NHS England). A briefing for all Directors of Social Care on the Review will also be sent via the ADASS network. The letter will be circulated to CCGs via the NHS England CCG bulletin on 8 August.
