1. Foreword

Halton Borough Council is pleased to present its Homelessness Strategy 2013 - 2018 which sets out the key challenges, objectives and priorities for tackling homelessness in Halton over the coming years.

The Strategy highlights and reinforces our commitment to reducing and preventing homelessness. It identifies and examines the current homelessness issues faced by Halton and sets out how we plan to address the housing needs and aspirations of those who are homeless or threatened with homelessness.

Although there have been many achievements in delivering effective homelessness services in Halton, the council recognises that some significant challenges lie ahead. The Localism Act has introduced the greatest changes to homelessness and allocation legislation since 1977 and we believe that many households, both new and existing ones, will be adversely affected by not only the housing and welfare reforms, but other new legislation. To respond to this and its impact on homelessness, joint working between the council and its key partners will be central in ensuring local housing need is met.

Demand for private rented accommodation greatly outstrips supply and rents are rising. Levels of homelessness fell during 2006–2011, but there are worrying signs now as the effects of the recession and overall economic environment begin to become apparent, that it is once again on the rise. In addition, vulnerable households will have specific needs. Among these is specialist housing with appropriate support. This can enable the person to remain at home for longer.

The Homelessness Strategy is based upon the findings and recommendations of two other documents – a comprehensive review of current homelessness services over a nine month period during 2012-2013 and the Homelessness Strategy 2008–2012 which involved active engagement with service users, service providers and members. This Strategy continues to build on current good practice and strives to meet the gaps in existing service provision to ensure the needs of those individuals who are at risk of homelessness are met.

Halton is fully committed and focused on the health care and service provision for homeless people. The integration of the Clinical Commissioning Group, Public Health and Homelessness will enable the council to develop a new holistic approach. The aim would be to improve health care for extremely vulnerable people whenever they need help, within primary and community care and hospitals.

Halton aims to put the person/patient back at the heart of healthcare with the focus on what the individual wants and needs. With cross professional and organisation boundaries to shape care around the person and ensure services are more flexible and accessible. Experienced health and homeless professionals will be included at every level of the future shaping of services.

The Strategy is supported by a five year Action Plan which clearly sets out the short, medium and long term solutions along with specific actions to deliver long lasting change to those at risk.

To ensure the Strategy remains relevant it will be monitored by the Halton Homelessness Forum and reviewed annually in order that it can be responsive to emerging change.

Yours sincerely,

2. Introduction

The Homelessness Act 2002 places a duty on local authorities to carry out a Strategic Review of Homelessness in their area and then formulate and publish a Homelessness Strategy based on the findings from the review.

Strategic Review of Homelessness

The review was conducted over a period of nine months and involved active engagement with service users, service providers and all partner agencies and members. Draft findings were discussed and agreed with key stakeholders before the report was finalised.

The review provides clear direction for preventing and addressing homelessness in Halton and reflects on the factors known to affect future homelessness. Its findings and recommendations are the basis for the development of this new Homelessness Strategy for Halton over the next five years.

This strategy will build upon the success of its precursor (2009–2013) which focused upon four important issues:

1. Understanding the Problem
2. Prevention
3. Increasing Access to Housing Choice
4. Providing Support

Understanding the problem (homelessness and housing need)

Significant progress has been made in determining the levels of homelessness, the reasons why people become homeless and which household group it affects most. This progress has been achieved through a range of measures including: analysis of the move from short term supported accommodation and research into households requiring resettlement services.

Prevention

The introduction of a preventative approach among statutory homeless households has proved successful. This change from reactive assessment to proactive prevention, coupled with a housing options service, proved to be a significant factor in improvement.

Increasing access to housing choice

Progress has been made in allowing customers choice and enabling them to access properties owned by accredited private sector landlords. This progress is likely to continue now that 'Property Pool Plus' has been introduced.

Providing support

Floating support services have been re-tendered. This has resulted in more streamlined and better support for households which are vulnerable to homelessness. With all of this successful work already undertaken and acting on the findings of the review, this new strategy will continue to strive to respond to evolving pressure on existing service provision. This will ensure that Halton is best placed to meet the needs of individuals at risk of being or who already are currently homeless.

Homelessness is increasing across the country and it is anticipated that this trend will continue. This will place additional pressure on services. To address this national problem, the Government has published 'Making Every Contact Count.' This recognises that early intervention to prevent homelessness is the key. It does this through 'social justice' by supporting the most disadvantaged individuals and families. It tackles many of the underlying problems that, if left unchecked, can increase the likelihood of the individual or family becoming homeless.

The ultimate goal, nationally and locally for Halton, is to ensure that people have settled homes. This stability will then enable individuals to build settled lives.

3. Homelessness in Halton

Halton is experiencing a gradual increase in homelessness presentations and of those being accepted as statutory homeless. The main causes are loss of home due to family exclusions, relationship breakdown or the loss of a private sector tenancy.

There are many groups of people who are not deemed statutory homeless, but still have pressing housing needs and no settled home. The Housing Solutions team work extensively with these groups and offer temporary accommodation for a limited period, to allow the crisis to be averted and suitable options explored and implemented.

People on low incomes without regular work, lack of proven track record, previous failed tenancies, mental health or substance misuse are unlikely to meet letting agents/landlords vetting procedures and so cannot obtain a private tenancy.

Poor discharge planning for ex-offenders and those with mental health needs have been cited as additional factors contributing to homelessness. Those with complex needs, addiction, negative behaviour, and poor parenting and life skills face particular problems in attaining settled homes and can often fall through the net of services and accommodation provided.

Welfare benefit reforms, especially limiting Housing Benefit for younger people and the effect of the 'Benefit Cap' on larger families, will increase the risk of homelessness for these groups in the future.

Rough Sleeping in Halton is not identified as a major problem; however, the majority of people identified as sleeping on the streets of Halton are aged between 26 and 50. The council developed a sub-regional prevention service to tackle rough sleepers and the outreach service will ensure that all clients have access to services and if necessary are relocated back to their local connection area.

Homelessness issues

Key issues influencing the Strategy are examined in detail within the Homelessness Review Consultation Report (2013). They are summarised in the following table under three themes (People, Health and Wellbeing and Communities). Each underpins the overarching aims and the six strategic objectives and accompanying priorities.

People	Health & Wellbeing	Communities
<p>National evidence of impact on health and wellbeing due to homelessness</p> <p>National evidence indicates additional costs due to children entering the care system</p> <p>Impact on young people and families experiencing/ threatened with homelessness</p> <p>Lack of settled accommodation and support can prove detrimental and lead to repeat homelessness</p> <p>Domestic violence within Halton is evident and analysis confirms 11% of acceptances compared to 3% in England</p>	<p>National evidence of poor health or neglect of physical needs related to homelessness</p> <p>Mental Health and substance misuse problems are contributable factors towards homelessness</p> <p>Impact on health and social care services due to homelessness and rough sleeping</p> <p>National evidence that homeless people have significantly higher levels of premature mortality, mental and physical health needs than the settled population</p>	<p>Impact of anti-social and offending behaviour due to increased homelessness</p> <p>National evidence indicates dependency on drugs and alcohol amongst rough sleepers</p> <p>Criminal activity can be both the cause of and a consequence of homelessness</p> <p>High incidence and turnover of temporary accommodation within an area can lead to neighbourhood decline</p>

Homelessness characteristics

- Families or friends unwilling to accommodate.
- Domestic violence
- Relationship breakdown
- Health – addictions, drug/alcohol misuse
- Offending, anti-social behaviour
- Issues with private rented property (disrepair, loss of assured shorthold tenancies)
- Debt, money problems, rent arrears, often due to benefit issues

Prevention and relief

- Housing Solutions community focused service
- Partnership working with registered providers and private landlords
- Joint working between various agencies.
- Benefit and legal advice
- Floating support
- Supported temporary accommodation
- Effective and accelerated Move On approach to secure accommodation

4. Achievements from Previous Strategy

There have been many successes in the last five years in spite of the high housing demand in Halton. Nationally, the number of individual cases accepted as homeless increased by 16% and there has been a 44% increase in the use of bed and breakfast accommodation in the year ending March 2012. However, in Halton over the same period, there were no households in bed and breakfast accommodation and the borough has managed to maintain an annual decrease in its use of temporary accommodation.

This is an outstanding achievement given the intense housing pressures in Halton. It has been achieved through the high priority placed on homelessness prevention in the borough and the continuing work in delivering practical homelessness solutions. As a consequence, a strong network of partnerships and services has been developed to support those who are either threatened with or experiencing homelessness.

Since the previous strategy there have been significant changes in legislation such as the Welfare Reform and Localism Act 2011. This combined with the considerable cuts to local authority budgets have led to significant challenges for the borough. Yet despite this, there have been a number of major achievements, as described in the following sections.

Statutory homelessness

Achievements	2008/ 09	2009/ 10	2010/ 11	2011/ 12	2012/ 13
Statutory homelessness presentations	241	216	78	154	168
Statutory homelessness acceptances	166	158	37	64	86
Use of temporary Accommodation.	54	41	35	23	39
Use of Bed & Breakfast	7	1	0	0	1
Homelessness Prevention	Not recorded	625	550	492	431
Advice and assistance	803	1800	2228	2488	2051

The following key points can be observed from the data displayed in the table above:

- Over the past five years, there has been a reduction in the number of households presenting as statutory homeless.

- Significant reductions in the use of temporary accommodation which meet and go beyond the March 2010 target set by CLG.
- A decrease in the use of bed and breakfast accommodation. This has improved the quality of life for homeless households and reduced the cost to the public purse.
- An increase in homelessness prevention (advice and assistance) and developed initiatives. The priority is on preventing homelessness occurring by helping people resolve their housing problems. In addition people are helped to tackling barriers which would prevent them from either obtaining or retaining sustainable accommodation.

Youth homelessness

- The Southwark Protocol was developed and implemented in 2010/11 and is currently being reviewed. The aim is to provide a co-ordinated response to the prevention of homelessness amongst 16-17 year-olds. It ensures they receive the right level of support and are able to access appropriate and suitable accommodation where necessary. The protocol was a response to judgements by the House of Lords which reaffirmed and clarified that the duty under Section 20 of the Children Act 1989 takes precedence over the duties within Part 7 of the Housing Act 1996 in providing for children in need who require accommodation.
- Made use of extra funding to create a dedicated Youth Officer post. This role involves joint working with Children’s Services in connection with the Southwark Protocol. It will focus on homeless prevention and mediation among 16-17 year-olds.
- 85% of young people presenting as homeless were facilitated successfully back home.

The age-groups 16-24 and 25-44 contain the highest numbers of statutory homeless individuals. This national pattern is also reflected in data for Halton. The table below shows the percentage statutory homeless (national and local) for the year 2011-2012 by age-groups:

Age group	% accepted as statutory homeless	
	Halton	England
16-24 years	34%	35%
25-44 years	52%	51%
45-59 years	13%	11%
60-64 years	2%	1%
65-74 years	0%	1%
75+ years	0%	1%

- A ‘Home Essentials Fund’ was launched to help young people between the ages of 18 – 35 to move on from hostel accommodation and sustain their tenancy by providing help towards the cost of setting up a home. The scheme provides assistance to purchase household items such as microwaves, bedding, crockery and cookery items up to the value of £300, which is not repayable.
- 55 Gift applications were received in 2011/12
- 38 applications were approved and received assistance under the scheme
- 75% of clients have successfully sustained their tenancies since 1st April 2012

Case study: youth homelessness

Melissa is a 17 year old female who approached the Housing Solutions Service to present as homeless.

Melissa claimed that due to constant arguments with her mum, she was ordered to leave the family home and not able to return.

Melissa was referred to the Housing Solutions Youth Adviser and a full homeless assessment was completed, although, Melissa stressed that she wished to be accommodated within the hostel where her friends had been placed.

The Youth Officer conducted a home visit to discuss the situation with Melissa's mum and negotiate for Melissa to return home, but mum refused.

Melissa was referred to the Nightstop service and reluctantly took up the temporary accommodation.

Mediation was put in place and after a number of home visits and telephone discussions; both Mum and Melissa agreed to work with the officers to resolve their issues.

Unfortunately, Melissa failed to engage with training/education programmes, which jeopardised her placement.

The officer dedicated, considerable time to work with Melissa and mum to address their issues, and encouraged them to discuss how they could work together to resolve them.

OUTCOME: After regular contact with Melissa and her mum, an intense support package was agreed and implemented. Melissa was allowed to return home and is actively engaging in training and there has been improvement in her relationship with her mum.

Mortgage rescue

- Development of a Repossessions Action Plan. This was in response to Halton being identified as a national 'hotspot' for mortgage repossessions. To achieve this, the council introduced a 'task and finish' working group. This brought together the work of various agencies in the borough to prevent repossessions.
- In addition, the Housing Solutions Team established a dedicated Mortgage Rescue Advisor. This post provides tailored advice to those at risk of repossession and can negotiate with lenders and at court hearings.

Case study: mortgage rescue

Mrs L approached the Housing Solutions Team as she had suffered a relationship breakdown and could not afford her mortgage on her income alone.

Mrs L stressed that her son had recently been offered a placement on a speech and learning therapy course that was located within the vicinity and to move from her present home would affect his health and be detrimental to his progress.

The Housing Solutions Adviser completed a Mortgage Rescue application which was submitted to Riverside for review in September 2013.

In October 2013, Mrs L received confirmation that her application had been successful and she would be allowed to remain within the family home.

OUTCOME: The acting agent completed the buyback process, allowing Mrs L to remain in her property as the tenant at an affordable rent and close to all the support networks for her son's needs.

Service improvement

- Progress made with the development and implementation of the Housing and Support Gateway. This will provide a single point of access into support services for individuals with housing support needs.
- Improved information for local people through the development of a pack of leaflets on such topics as homelessness, housing options, the 'Bond Guarantee Scheme' and a guide for private tenants.
- Developed and promoted a customer satisfaction survey. This gathers feedback on the quality of the service and identifies areas for improvement.
- Towards the end of 2009, a mystery shopping exercise was carried out. This led to improvements being made to the way customers were dealt with via the contact centre and one-stop-shops.
- Designated Housing Solutions Officers located at local one-stop-shops to provide immediate advice for those facing homelessness. This saves time by reducing the need for an appointment among homeless or those threatened with homelessness. This initiative stemmed from an internal review of the Housing Solutions Team was taken late in 2011.

Sub-regional approach

- Partnership working with Merseyside authorities led to the development of the 'No second night out' initiative. In its strategy – 'Vision to end rough sleeping: no second night out', the

government called on local authorities to implement this initiative (previously successfully piloted in London). This provides a quick and effective response from relevant services to help individuals off the streets.

- In Merseyside, local authorities have collaborated to deliver the vision that by the end of 2012 no-one will live on the streets of the Liverpool City Region and no individual arriving on the streets for the first time will sleep out for more than one night. The scheme involves widespread promotion of the one telephone number to call to report someone sleeping rough in the sub-region.

Homelessness Forum structure

- A re-structured homelessness forum from one large meeting into an annual meeting plus two sub groups to focus on Strategic Commissioning and Accommodation & Service Inclusion.

Homelessness Scrutiny Group

- A set of recommendations arising from a scrutiny review led by Elected Members (2011-12). This resulted in efficiencies being achieved through a new contract with Halton YMCA for the YMCA hostel and 'Nightstop', the de-commissioning of the 'Y's Up' advice and guidance service, a new contract with Plus Dane for floating support services. Efficiencies have also been achieved through the reconfiguration of hostel provision for single homeless people. Access to services has been prioritised to those who are owed a statutory duty. There is also an increased focus on prevention to help people to resolve their housing issues.

However, despite these achievements, Halton is not complacent and acknowledges that the challenges ahead will be considerable. Halton will continue to review and adapt its service provision to prevent future homelessness in the most effective way.

We are witnessing fundamental changes in the housing market and in social and welfare reform. The successes of the past five years will be even more difficult to replicate in the years ahead.

5. Context

Halton’s Homelessness Strategy has been developed in the context of a wide range of national, regional and local policies, strategies and plans. These are summarised in the diagram below. Further details of how this influences the Strategy can be found in the evidence paper Strategic Review of Homelessness in Halton 2012/13.

Homelessness services are essential in meeting Halton's priorities set out in the 'Sustainable Community Strategy', as demonstrated below:

A Healthy Halton

- Homeless people have significantly higher levels of premature mortality, mental and physical ill health than among the settled population and are more likely to have a drug or alcohol addiction.
- Net cost estimated to be £64m per year over and above health costs for same number of general population.

Employment, Learning and Skills in Halton

- The lack of a settled home can be a significant barrier for those seeking permanent employment and training opportunities.
- Additional costs of providing support to homeless people to enable them to find a job and live independently.

A Safer Halton

- Criminal activity can be both a cause of and a consequence of homelessness.
- Research shows that homeless prisoners are more likely to re-offend within the first year of release than those who had settled accommodation before custody.

Children and Young People in Halton

- Research shows that frequent adverse residential mobility (e.g. due to homelessness) can have a detrimental effect on educational attainment.
- Additional costs resulting from children entering the care system due to the lack of a settled home.

Environment and Regeneration in Halton

- Environmental impact of rough sleeping and its potential impact on economic investment in an area.
- High incidence and turnover of temporary accommodation in an area can lead to neighbourhood decline.

Making Every Contact Count: a joint approach towards homelessness prevention

In August 2012, the Department for Communities and Local Government (CLG) published this report produced by the Ministerial Working Group on Homelessness. It states clearly that 'there is no place for homelessness in the 21st century'.

The report sets out the Government's approach to homelessness prevention by focusing on the contribution that a commitment around troubled families, health, crime prevention and employment

and skills can make. The report calls for central Government, local authorities, government agencies and the voluntary sector to work together to support those at risk of homelessness.

It also gives an indication of the Government's direction and expectations for homelessness prevention. This emphasises a number of important factors, including; greater integration of local authority services (Housing, Social Services, Welfare Rights etc.); increased focus on a payment by results approach to funding; increased reliance on the private rented sector; and a focus on wrap-around services to tackle youth homelessness (such as those provided by Youth Hubs).

The report also set ten local challenges, which the government has recommended local authorities should take forward. This strategy recognises the importance of these challenges and acknowledges existing work already undertaken or underway in response to them. Halton will ensure that the ten **'Gold Standard Pledges'** remain key to its targeted approach in addressing homelessness prevention and homelessness. The Strategy identifies key themes, with emphasis placed upon reducing homelessness and increasing future prevention initiatives. The Gold Standard ten-point challenges will be to maximise opportunities arising from the Government commitments and will be **reflected within the six strategy objectives and their accompanying priorities and the strategy action plan.**

Link between Strategy Objectives and Gold Standard

Health

Local authorities complete a quarterly statistical report (P1E) which identifies levels of homelessness and prevention outcomes achieved. The report is submitted to Communities and Local Government (CLG) in relation to their activities to ensure compliance with the relevant homelessness legislation. The new Public Health Framework sets out the desired outcomes and how they will be measured, which includes two homelessness indicators – statutory homeless acceptances and households in temporary accommodation.

There is an encouraged focus on the health of the local homeless population and a real commitment within Halton to ensure health services assist in identifying those at risk and prevent homelessness by making every contact count.

The health of people who are homeless is generally much poorer than that of the general population. There is limited data available at a local level and it is not routinely collected and analysed, consequently, it is not possible to determine the exact health issues facing people who are homeless. The National Audit found that homeless people have a higher usage of healthcare services than the general population and established;

- 41% had gone to A&E at least once;
- 31% had been admitted to hospital at least once (compared to 7% of the general population in a typical year);
- 28% had used an ambulance at least once;
- 82% had been to a GP at least once;
- Only quarter of homeless people admitted to hospital had help with housing;
- Average length of stay of 6.2 days for homeless people (compared to 2.1 days for the general population);
- Most common reasons for admission include toxicity, alcohol or drugs and mental health problems.

To allow further understanding of the public health needs and pressures placed on services, the Liverpool Public Health Observatory has been commissioned to complete a Health Needs assessment. The commissioned piece of work will look at qualitative methods of gathering intelligence to determine health experience, access to services and homelessness status.

Health & Well Being

The 'Health and Well Being' needs of the homeless in Halton can vary significantly between individuals, and is frequently related to their particular status. This ranges from households fleeing domestic abuse and identified as a priority need for accommodation, to the hidden homeless, single non-priority persons who are rough sleepers, 'sofa surfers' and night shelter residents.

Priority groups for housing include young families, who usually retain access to primary care services and GP to ensure their physical and mental health needs can be met. However, the hidden homeless are particularly vulnerable, with complex physical and mental needs leading to an extremely high level of mortality and an average life expectancy of 40. They can often prove extremely hard to reach through mainstream provision.

Information taken from National Audit carried out by Homeless Link during 2010/11 gave a proxy analysis of the health needs of homeless people in Halton found:

- 8 out of 10 clients have one or more physical health needs and 1 in 5 confirmed they found it difficult to cope and required support;
- The most common conditions mentioned were chest/breathing, pain, joint and muscular problems, dental and eye sight problems. The proportion of homeless people citing these conditions was much higher than prevalence of general population;

- 56% reported long term health conditions compared to 29% in general population;
- 72% have mental health needs compared to 30% of the general population;
- 1 in 3 regularly eat less than 2 meals a day and only 7% consume the recommended 5 portions of fruit or vegetables a day compared to 21% of the general population;
- 77% were smokers and had been offered smoking cessation advice;
- 52% indicated they used one or more type of illegal drugs.

Whilst it is essential that the strategic focus remains on preventing homelessness, there is now a new council responsibility under the Health & Social Care Act 2012. This is to reduce premature mortality and tackle health inequalities. Hence the council is strongly committed to supporting a system where vulnerable single homeless persons have equal access to its health and social care services.

The welfare reform and wider economic pressures are likely to increase the numbers of hidden homeless in Halton, further increasing demand on existing health and support services. Following the NHS reform, Public Health now sits within Halton Borough Council. This provides a unique opportunity to review and reposition all disparate homeless health provision investments through Section 75 agreements with Public Health Services. Joint commissioning of a new integrated homeless service could then be more easily achieved. This would meet the spectrum of health needs of the hidden homeless along with those identified for priority accommodation.

Halton intends to build upon the partnership links made with other agencies, including health and mental health services and will remain vigilant in its search for joint working opportunities that improve outcomes for service users.

6. The Journey Ahead

The magnitude and complexity of the issues that face us in the next 5 years must not be underestimated. However, Halton will continue to plan ahead and will work in partnership with others who can assist in delivering solutions. We have prioritised issues and proposed actions to build on our past success, mitigate the impacts of changing housing markets, social and welfare reform but, above all, prevent homelessness.

Halton's future goals

- Early intervention to prevent homelessness before a crisis point is reached.
- Provision of appropriate advice, accommodation and support if crisis occurs.
- Prevention of repeated homelessness to ensure people have settled and sustainable homes.
- Improve clear links between Health, Homelessness, Housing and Social Care.

Key challenges

The outcome of the consultation held for reviewing and developing the new strategy with stakeholders highlighted the key challenges Halton is facing. Key issues and priorities identified were:

- Adverse impact of welfare reform;
- Funding;
- Affordable housing need;
- Increasing pressures on household incomes in the current and future economic climate;
- Single non priority and intentionally homeless households;
- Young people;
- People at risk of domestic abuse;
- Difficulty in meeting the needs of households with more complex needs;
- Service integration to develop and improve health care for homeless people;
- Increasing problems accessing private rented accommodation for homeless and potentially homeless households;
- Developing solutions to meet gaps in future funding including accommodation based services for rough sleepers.

Factors that may affect future homelessness levels

- Lack of affordable housing;
- Housing and Welfare Reforms;
- Increase in Landlord and Mortgage repossession claims.

How Halton will deliver its objectives in response to these pressures is contained within the Homelessness Strategy Action Plan. This sets out clear tasks and targets within identified areas of

work.

7. Our vision, objectives and priorities

The vision is to assist and prevent people who are threatened with homelessness in Halton. To provide a community focused and accessible service to ensure people know where and how they can seek help and assistance to prevent them becoming homeless and receive a quality and confidential housing options service.

The Strategy aims to:

- **Reduce Homelessness presentations and acceptances; and**
- **Increase and improve Homelessness prevention and access to housing services.**

Further emphasis is placed upon prevention, support and partnership working to deliver an efficient and coordinated approach towards reducing the levels of statutory homelessness within Halton.

To help achieve these aims, we have adopted the following six strategic objectives. Each contains a set of priorities detailed below, which are linked to the Gold Standard pledges. The Strategy explains why each priority has been selected, what we hope to achieve and how we plan to achieve it.

Strategic objective 1:

Collaborative and integrated approach to commissioning improved outcomes for people experiencing homelessness

- Priority 1A: Develop and co-ordinate services to deliver a comprehensive approach towards homelessness and prevention
- Priority 1B: Develop a marketing plan with partners to raise awareness of the Housing Solutions service to ensure that the homelessness services strive to meet the National Gold Standard
- Priority 1C: Promote a range of prevention options, including the GIFT initiative, prevention fund, and mortgage rescue scheme to enable clients to remain within their homes
- Priority 1D: Respond to and prevent rough sleeping

Strategic objective 2:

Health and homelessness

- Priority 2A: Ensure that homelessness is recognised as a priority for action within the Health and Wellbeing Board
- Priority 2B: Develop a business case to formalise a single practice approach to address the housing and health care needs of vulnerable homeless people

Strategic objective 3:

Minimise the impact of welfare reform

- Priority 3A: Agree a joint approach with the Housing Benefits service for the future use of Discretionary Housing Payments to ensure they are used effectively to prevent homelessness and to determine future areas of action
- Priority 3B: Develop under-occupation schemes with housing providers to free up family homes and encourage shared housing

Strategic objective 4:

Improve the provision of a range of housing options and services to reduce homelessness

- Priority 4A: Improve access to housing using the private rented sector and shared housing options
- Priority 4B: Improve working with private sector landlords and promote the Bond Guarantee Scheme

Strategic objective 5:

Increase and improve communication and partnership working

- **Priority 5A:** Develop an effective multi-agency approach to support vulnerable and complex needs households to sustain and secure affordable accommodation to prevent homelessness
- **Priority 5B:** Support young people and facilitate the delivery of integrated housing, care and support for young people at risk, care leavers, young offenders and teenage parents
- **Priority 5C:** Improve partnership working and communication with key agencies, police, probation and housing providers to address the growing housing need for offenders
- **Priority 5D:** Joint partnership working with agencies, police and housing providers to offer options and solutions to victims of domestic abuse to support them to remain within their home

Strategic objective 6:

Minimise the use of temporary accommodation by facilitating the supply of secure move-on accommodation

- **Priority 6A:** Reduce the use of temporary accommodation (including B&B) to maximise the use of prevention options available to reduce homelessness

The following tables report the findings of the Strategic Review of Homelessness within Halton. These findings have been incorporated within the strategy document and comply with the government’s approach to homelessness prevention while focusing upon partnership working to support those at risk of homelessness.

Why this is a priority?	What do we want to achieve?	How do we plan to achieve it?
<p>The Homelessness Act 2002 requires that every five years, local authorities must carry out a strategic review of homelessness, formulate and publish a homelessness strategy based on its findings.</p>	<p>Determine the future levels, trends and demands of homelessness within Halton.</p> <p>Prevent homelessness within the Halton district and raise awareness of the wide range of services available.</p>	<p>Adopt a corporate commitment to reduce and prevent homelessness, which has a buy in across all local authority services.</p> <p>Early intervention in the homelessness risk assessment process to prevent homelessness and deliver a range of housing options.</p> <p>Develop a Housing and Support Gateway service that will offer an accelerated process and improve access to the homeless and support services within the district.</p>

Strategic objective 1: Collaborative and integrated approach to commissioning improved outcomes for people experiencing homelessness

GOLD STANDARD:

- Have a homelessness strategy which sets out a pro-active approach to preventing homelessness and is reviewed annually so that it is responsive to emerging needs
- Adopt a ‘no second night out’ approach or an effective local alternative
- Actively engage in preventing mortgage repossessions including through the mortgage rescue scheme

Priority 1A: Develop and co-ordinate services to deliver a comprehensive approach towards homelessness and prevention

Why is this a priority?	What do we want to achieve?	How do we plan to achieve it?
<p>Develop a homeless strategy that sets out a pro-active approach to preventing homelessness and is reviewed annually to ensure it is responsive to emerging trends.</p>	<p>Put a robust framework for measuring the effectiveness of interventions in place and implement the review recommendations by April 2014.</p> <p>Actively encourage partnership working with statutory and voluntary partners, including other Local Authorities to improve service delivery and address support, education, training and employment.</p>	<p>Conduct a review of the current homeless prevention using the Communities and Local Government (CLG) toolkit.</p> <p>Develop housing pathways with key partners and client groups that include appropriate accommodation and support. Continue to work with Supported Housing providers to strengthen the outcomes on prevention and long term tenancy sustainment.</p>

Priority 1B: Develop a marketing plan with partners to raise awareness of the Housing Solutions service to ensure that the homelessness services strive to meet the National Gold Standard

Why is this a priority?	What do we want to achieve?	How do we plan to achieve it?
<p>To ensure key agencies and partners have an understanding of the homelessness assessment process, applied legislation and prevention agenda to reduce the levels of homelessness.</p> <p>To increase access to prevention services and resources across the district.</p>	<p>Conduct review of current homeless prevention using CLG toolkit.</p> <p>Improve awareness of the Housing Solutions Team and promote the range of housing options and resources available to clients.</p> <p>Reduce the level of homelessness and increase positive prevention outcomes.</p>	<p>Develop a robust framework for measuring the effectiveness of interventions in place to determine trends and review recommendations annually.</p> <p>Commission a range of learning, development and role shadowing opportunities for staff and partners to improve knowledge and understanding around the issues of homelessness and prevention.</p> <p>Increase the number of 'Housing Solutions' drop in advice sessions across the district to further develop a community focused and accessible service.</p> <p>Increase/ develop prevention initiatives to promote client choice and access to services.</p>

GOLD STANDARD:

- Not place any young person aged 16 or 17 in Bed & Breakfast accommodation
- Not place any families in Bed & Breakfast accommodation unless in an emergency and then for no longer than six weeks

Priority 6A: Reduce the use of temporary accommodation (including B&B) to maximise the use of prevention options available to reduce homelessness

Why is this a priority?	What do we want to achieve?	How do we plan to achieve it?
<p>In accordance with homelessness legislation the council cannot place families into B&B accommodation for more than 6 weeks.</p>	<p>Continue to reduce the use of B&B and temporary accommodation and make better use of housing stock within the district.</p> <p>Continued achievement to reduce the use of temporary accommodation.</p> <p>Review the level of temporary accommodation within the district to ensure it meets current and future housing demands</p> <p>Temporary accommodation provision made available for non-statutory homeless households in crisis.</p>	<p>Early intervention and promoting a community focused service, made more accessible to households threatened with homelessness.</p> <p>Reduce the number of households in temporary accommodation by 20% by April 2014.</p> <p>Support temporary accommodation providers Promote housing services available and facilitate move on options.</p> <p>Evaluate and develop temporary accommodation provision within the district to ensure it meets the needs of statutory homeless households and reduce the level of voids and rent loss.</p> <p>Improve access to appropriate temporary hostel accommodation for short periods to allow housing solutions and key agencies to address the issues and facilitate move on to alternative suitable accommodation.</p>

8. National & Local Policy

Local authorities have statutory duties under the Housing Act 1996 (as amended by the Homelessness Act 2002). This includes a duty to provide advice and assistance to all people who are homeless or threatened with homelessness.

Following the Homelessness Act 2002, preventing homelessness has become a central component of national and local policy direction. The Act imposes a statutory duty on local authorities to produce a homelessness strategy for addressing prevention and recurrence of homelessness. This includes a requirement to assist 16 and 17 year olds and other vulnerable groups. In carrying out these functions the council must consider both the objectives of central government and local priorities, as determined by the corporate housing strategy and other key council policy documents.

- **Localism Act** - The Localism Act 2011 introduced a range of measures to give more powers to individuals, communities and local authorities enabling them to make decisions, and influence policies in their own local areas with a diminishing central government role. The main implications for homelessness are changes to the local authority duty to accommodate households assessed as 'statutory homeless' and to allow the discharging of homelessness duty to the private rented sector.

The new legal powers will have implications for the Housing Solutions Team. For example, reliance upon private rented accommodation would form an important part of the service, alongside the existing focus on homeless prevention. This would increase pressure on the council to ensure there was better private sector stock provision by increasing enforcement activities, extending bond schemes, licencing and prioritising referrals to accredited landlords.

- **Welfare Reform** – The introduction of the Welfare Reform Act 2012 has major implications for Halton residents and there are concerns that it could lead to an increase in homelessness. The reforms proposed are intended to protect the most vulnerable, create the right incentives to get more people into work resulting in a fairer benefit and tax credit system. However, our initial analysis indicates that welfare reform will have a detrimental effect on many of the vulnerable and high risk client groups.

A number of changes to housing benefit have already been implemented and will continue until 2014/15. Universal Credit will replace the current system of means tested working age benefits and tax credits and came into effect in October 2013 (in piloted areas). The measures to reduce Local Housing Allowance (LHA) rates would ultimately result in people's inability to find suitable affordable housing in the private sector and may threaten the ability of some households to continue to afford their current home. To help households manage the transition, the Government has awarded increases in the Discretionary Housing Payments (DHP) fund. The council will use the increase in DHP to target vulnerable households with the most need and to address the 'bedroom tax'; however, there is a risk that the allocation may not be sufficient.

- **No Second Night Out (NSNO)** – The ministerial working group on homelessness published its first report in 2011. This addresses the complex causes of homelessness more effectively and tackles the problem of rough sleeping out on the streets. NSNO was a Merseyside sub-regional approach that has been operating successfully since 2011

9. Delivery of the Strategy

To achieve the strategic priorities and objectives an Action Plan has been developed in partnership with partners and stakeholders to outline key objectives and tasks to be delivered over the 2013 - 2018 period. The action plan is reviewed annually and targets set are evaluated to incorporate legislation and policy changes.

Governance and monitoring

Progress and delivery of the strategy and action plan will be monitored and updated quarterly by the *Strategic Commissioning Group* and annually by the *Halton Homelessness Forum* to celebrate the achievements and remove any barriers, address new challenges and ensure efficient service delivery. It is considered important to have the involvement of stakeholders and partners in the delivery of the targets set in the strategy action plan. The monitoring of the homelessness strategy targets is shown in the table below:

Monitoring Homeless Strategy Targets

Stakeholders and Partners	Homeless Strategy Targets
Halton Homelessness Forum	Annual conference to inform stakeholders and partners of the progress made towards delivering the set targets identified within the Strategy Action Plan.
Strategic Commissioning Group	Through quarterly meetings the strategy action plan will be updated and progress recorded for each action. Any new developments at local and regional level will be considered and the implications will be evaluated.
Halton Housing Partnership	Progress on the homelessness strategy action plan to be reported to HHP on an annual basis, however, exceptions could be reported to its monthly meetings.
National Performance Indicators:	<p>The new CLG single data list require the following data for homelessness:</p> <ul style="list-style-type: none"> • Mortgage Rescue quarterly return - monitors the number of households at risk of homelessness who are assisted by the Housing Solutions Team • Rough Sleeper annual return - records the number of people reported to be sleeping rough in the Local Authority on a given night between October and November each year • P1E quarterly return - covers all areas of Local Authority activity under the homelessness provisions of Housing Act 1996.

Stakeholders and Partners	Homeless Strategy Targets
Local Performance Indicators:	<p>Halton will continue to monitor performance against certain local performance indicators relating to housing and homelessness. These are:</p> <p>LPI – relates to the <i>number of households who are considered homeless or threatened with homelessness within 28 days, who approached the Local Authority Housing Solutions Service, and for whom housing advice casework and intervention has resolved their situation.</i> This data is recorded on the ‘Housing Advice’ database and reported through section E10 of the P1E</p> <p>LPI – Shows the <i>average length of stay in B&B accommodation for households with dependent children or expectant mothers that are unintentionally homeless and in priority need.</i></p> <p>LPI – This indicator measures the <i>number of households living in temporary accommodation provided under the homelessness legislation.</i> This indicator is no longer reported to Government but is monitored locally.</p>

Risk elements to delivery of Homelessness Strategy

The key risks to the delivery of the homelessness strategy have been analysed to ensure there are mechanisms in place to mitigate or manage their impact.

Access to resources

The CLG Homelessness Grant funding makes an important contribution to the delivery of a range of homeless services in Halton. This fund is currently frozen and arrangements for distribution of the grant for the financial years 2014/2015 are unclear. If the homelessness grant funding were to be reduced or ceased completely, it would adversely affect the ability of the Housing Solutions team to offer a range of housing options and would impact upon performance and service delivery.

11. Glossary

Benefit cap	There's a limit on the total amount of benefit that most people aged 16 to 64 can receive. This is called the benefit cap. It is £500 for couples with or without children living with them; £500 for single parents with children living with them; and £350 for single adults who don't have children or whose children don't live with them.
BGS	Bond Guarantee Scheme This scheme is aimed to help those who are homeless or threatened with homelessness and can provide a landlord with a bond guarantee certificate, which confirms the deposit amount will be paid should it be reasonably required at the end of the tenancy.
CCG	Clinical Commissioning Group CCGs are responsible for implementing the commissioning roles as set out in the Health and Social Care Act 2012. They are groups of GP practices that are responsible for commissioning health and care services for patients.
CLG	Communities and Local Government
DHP	Discretionary Housing Payment These can be made by the council if a person's housing benefit or council tax benefit is less than the full amount of their rent or council tax.
DM	Divisional Manager Refers to the Divisional Manager of the Commissioning section of the council, where the Housing Solutions Team sits.
DV	Domestic Violence
DWP	Department for Work and Pensions
GIFT Initiative	Halton Borough Council operates a 'gift' initiative for 18 – 25 year olds, which provides some essential items to assist in furnishing their home.
Gold standard	In its report 'Making every contact count: a joint approach to preventing homelessness' CLG set local authorities ten local challenges, which will lead to homelessness teams delivering a 'gold standard' service. The council pledges, through implementation of this strategy, to meet this gold standard.
HHT	Halton Housing Trust The council transferred its housing stock to HHT in 2005.
HSO	Housing Solutions Officer
HST	Housing Solutions Team The team carry out assessments under statutory homelessness legislation and carry out homelessness prevention work.

Local connection	Halton Borough Council will only have a duty to assist someone under homelessness legislation if that person has a local connection to the borough. If their normal place of residence is in another authority area then Halton will refer them to that authority.
Localism Act (2012)	This provides new freedoms and flexibility for local government; new rights and powers for communities and individuals; a much more democratic planning system and decisions about housing are taken locally.
MAPPA	Multi-Agency Public Protection Arrangements The principal multi-agencies are the Probation Service, Prison Service, Police and Local Authorities and collectively they are known as 'Responsible Authorities.' The arrangements are a set of procedures for dealing with registered sex offenders and other violent individuals who pose a threat of serious harm to the public.
Mortgage Rescue	The Housing Solutions Team has a dedicated Mortgage Rescue Adviser to help those who are facing repossession. It provides advice on the help available, negotiating with mortgage lenders and attending court hearings.
NHAS	National Homelessness Advisory Service
Nightstop	A supported lodgings scheme which enables young people to stay with a volunteer host family for an emergency period, whilst more suitable short-term housing is found or until mediation leads to the young person returning to their family home.
NSNO	No Second Night Out A campaign to ensure no-one spends more than one night on the streets in the Liverpool City Region. Halton participates in this scheme along with six other councils in the city region. As part of the scheme, people are urged to call a helpline if they see someone sleeping rough. The relevant agencies are then alerted in order to find somewhere for the person to sleep.
PHO	Principal Housing Solutions Officer
PPO	Persistent and Prolific Offenders
PPP	Property Pool Plus This is the Choice Based Lettings (CBL) scheme used by Halton, Knowsley, Liverpool, Sefton and Wirral councils and over 20 housing associations to advertise and let their vacant properties. Housing Associations advertise their available vacancies every week through Property Pool Plus. The scheme offers increased choice allowing applicants who are looking for affordable housing to see what vacant properties are available, and express an interest in selecting a suitable new home. PPP informs applicants what priority banding they have, based on the urgency of their need to move from their current property. Properties are advertised and applicants are invited to place a bid (express an interest). The system then puts people into priority order for the property they have bid for, based on their priority band and application date.
PPP Housing Register	The register has been developed by Halton, Knowsley, Liverpool, Sefton and Wirral Councils in partnership with over 20 Housing Associations across Halton and Merseyside. A single application to join the Housing Register allows individuals to be considered for properties advertised by all the participating housing associations.

PRSO Policy	<p>Private Rented Sector Offer Policy</p> <p>Since November 2012 local housing authorities have been able to discharge their duty to secure settled accommodation to homeless households by using privately rented accommodation, as well as homes owned or managed by social landlords. This creates a greater range of options for local families, however the local housing authority must ensure that decisions of suitability are made objectively and take into account both the circumstances of the family and the availability of homes in the area.</p>
RP	<p>Registered Provider (of social housing)</p> <p>RPs are more commonly known as housing associations and have previously been referred to as Registered Social Landlords (or RSLs). They are independent societies, bodies of trustees or companies established for the purpose of providing low-cost social housing for people in housing need on a non-profit-making basis.</p>
Sanctuary Scheme	<p>This is a multi-agency initiative that is focused on victims of domestic violence. Its aim is to enable households where the person is at risk of violence to remain safely in their own homes by installing sanctuary measures.</p>
SDO	<p>Service Development Officer</p>
Southwark Protocol	<p>The protocol aims to provide a co-ordinated response to the prevention of homelessness amongst 16-17 year-olds, ensuring they receive the right level of support and can access appropriate and suitable accommodation where necessary. The protocol was a response to judgements by the House of Lords which reaffirmed and clarified that the duty under Section 20 of the Children Act 1989 takes precedence over the duties within Part 7 of the Housing Act 1996 in providing for children in need who require accommodation.</p>
SP	<p>Supporting People</p> <p>Originally ring-fenced to fund housing related support services for vulnerable adults, including homeless people. In 2009 local authorities were no longer required to spend this funding on housing related support. In 2011 decisions about where to allocate funds became entirely at the discretion of the local authorities. Thus, SP no longer exists in a defined way and is managed in different ways by different local authorities.</p>
Statutory homelessness	<p>This is where a household is deemed to be in priority need and unintentionally homeless under the relevant legislation and in this case the council has a duty to find accommodation for the household.</p>
Youth Hubs	<p>These are venues for young people (aged 13-19) youth groups, voluntary organisations and partners, where young people can have a say in activities in their local area.</p>
YOT	<p>Youth Offending Team</p> <p>This is a multi-agency team that is co-ordinated by a local authority with the intention of reducing the risk of young people offending and re-offending, and to provide counsel and rehabilitation to those who do offend. YOT engages young offenders in a wide range of tasks designed to put something positive back into the local community through unpaid activities.</p>
