- Halton & St Helens PCT
- Halton Carers Forum
- Staff and managers from the Health & Community and Children & Young People's Directorate

6.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

6.1 Children and Young People in Halton

The strategy in relation to the future provision of Carers Services would benefit children and young people under 18 who have caring responsibilities, whose lives are often restricted in some way because they are supporting or taking responsibility for the care of a person who is ill or who has a disability etc.

6.2 Employment, Learning and Skills in Halton

The strategy would ensure opportunities for work, education and learning for Carers are maximised to their full potential.

6.3 A Healthy Halton

The strategy clearly demonstrates the Council's commitment, as a major stakeholder, in recognising the needs of Carers and in promoting their health and wellbeing within the Community.

7.0 RISK ANALYSIS

- 7.1 There continues to be an increase in the national and local agenda around carers. The draft Carers Strategy and associated action plan aims to address issues for carers in Halton in a structured way thus ensuring that, through working in partnership with Health, Voluntary Agencies and Carers that carer's needs can continue to be met.
- 7.2 The Directorate and it's partners recognise and value the essential role that carers play in supporting some of the most vulnerable people in our community. We believe that in adopting this Strategy it will demonstrate our commitment to recognising, valuing and working with local carers in delivering effective services.

- 8.1 An Equality Impact Assessment (EIA) has been completed on the draft Strategy and no issues have been identified.
