#### **QUARTERLY MONITORING REPORT**

DIRECTORATE: Health & Community

SERVICE: Health & Partnerships

PERIOD: Quarter 1 to period end 30<sup>th</sup> June 2008

#### 1.0 INTRODUCTION

This quarterly monitoring report covers the Health & Partnerships Department first quarter period up to 30 June 2008. It describes key developments and progress against 'key' milestones and performance indicators for the service.

The way in which traffic light symbols have been used to reflect progress to date is explained in Appendix 4

#### 2.0 KEY DEVELOPMENTS

### **Consumer Protection**

Bereavement and Registration staff took part in filming for "The Consumer Police" TV programme during the quarter. They made very positive and professional contributions and were a credit to themselves and to the Council.

The crematorium chapel benefited from upgraded oak furnishings and fittings in the previous quarter and there are plans to replace the oak panelling on the chapel interior walls later this financial year. Cremator No 1 will be re-lined during September / October 2008. Further Bereavement Services improvements are planned for later in the year, including new memorialisation in the form of a sundial containing granite plagues to be erected in the new memorial garden at Runcorn cemetery.

The project to transfer the service to Warrington makes good progress, but further work is still required to finalise some personnel issues and elements of the financial arrangements.

# **Housing**

A Project Team has been established to oversee the transfer back in house of the homelessness service, and to re-tender the management and housing support contract for Grangeway Court. The aim is to complete the handover of services from HHT by October 08.

Construction of the new Traveller transit site at Warrington Rd. is well underway, with completion expected by October 08, which will then allow the decommissioning of the temporary facility at Haddocks Wood.

The Halton/St Helens/Warrington proposal to be designated a Housing Growth Point has been successful, committing the partners to housing growth in excess of the targets contained within the draft Regional Spatial Strategy.

### **Supporting People and Contracts**

Work completed to progress tenders for Grangeway Court service for Homeless families and support service for BME clients. Discussions are ongoing with Liverpool city council regarding the potential to jointly commission work to develop a Single Point of Access Service for supported housing services.

# **Direct Payments & Appointee & Receivership Service**

The number of service users in receipt of Direct Payments continues to increase and in total has exceeded this year's target. At the 30<sup>th</sup> June there were 204 service users (compared to 191 at 31.3.2008) and 89 carers in the first quarter received their service using a Direct Payment.

The Appointee and Receivership service also continues to be very oversubscribed to meet existing demand (having 223 accounts actively managed) generating increased income from charges. This additional income will be used to fund a post in order to meet current demand and facilitate the transfer of appointee service users from Halton Supported Housing Network to the Appointee and Receivership section.

#### **Performance Management and I.T**

Corporate ICT are working with the Health & Community Directorate on a number of key developments including, electronic monitoring of care, electronic document management systems, Carefirst 6 implementation and the introduction of streamlined electronic care assessment forms that pre populate care plans and review documents.

Corporate ICT will produce a short, 3 year and 5 year ICT strategy for the Directorate.

#### 3.0 EMERGING ISSUES

#### **Consumer Protection**

In May new regulations came into force that will have a significant impact on the nature of the work and working methods for both the criminal enforcement and civil advice officers of the Consumer Protection Service.

The national web-based system for birth and death registration has not yet been re-introduced due to the lack of stability with the infrastructure. It could be the end of 2008 before all registration districts are back on line.

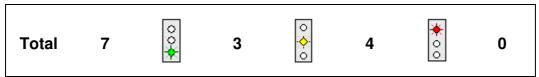

### <u>Finance – Management Accounts Team</u>

As part of the Directorate Three Year Financial Strategy further work will be undertaken during next quarter on the use of Working Neighbourhoods Fund.

### Performance and I.T

Continuing staff vacancies in the Performance & Data Team may compromise the speed at which Carefirst 6 and associated new systems and forms can be implemented. In addition the new National indicator Set and Joint Strategic Needs Assessment will require additional performance monitoring and review systems to be created.

#### 4.0 PROGRESS AGAINST OBJECTIVES / MILESTONES

Of the six key milestones, three are progressing satisfactorily and four have been rated amber. For further details, please see the commentaries provided in Appendix 1.

In addition, there are thirteen milestones for this service that are designated 'non-key'. These milestones are routinely reported in quarters 2 and 4, however two of these milestones that are attached to objective HP2 are being reported by exception this quarter as some slippage against timescale has been incurred. These milestones are identified by the use of italic text and also appear in Appendix 1.

#### 5.0 SERVICE REVIEW

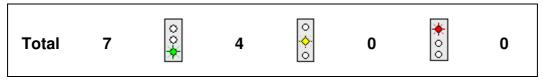

#### **Consumer Protection**

Following the installation of a new registration scheme in July 2007, a stewardship report was submitted to the General Register Office on the delivery of the Service against key national and local objectives and targets. The Service achieved all targets.

#### **Finance- Management Accounts Team**

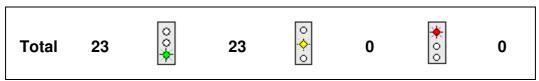

The Directorate Management Accounts Team is continuing to provide support to critically review all areas of spend and services provided and achieve cashable Gershon savings. In addition, the team is actively supporting Operational Services to identify ways of reducing the ALD overspend, providing financial support for the ALD team reconfiguration (staff transferring from the PCT on 1.8.2008 to HBC) and securing additional funding as part of the three year financial strategy from the PCT.

#### 6.0 PROGRESS AGAINST KEY PERFORMANCE INDICATORS

Four of the seven indicators are being reported this quarter, and both are on target. For further details, please refer to Appendix 2. There are 3 remaining indicators that are not being reported this quarter. These are new National Indicators for which data protocols are currently being established (NI 127, 182, 183). Performance on these indicators will be reported at the earliest opportunity.

#### 6.1 PROGRESS AGAINST OTHER PERFORMANCE INDICATORS

There are 23 other indicators for the service that are routinely reported in quarters 2 and 4. None of the 23 indicators are being reported by exception this quarter.

#### 7.0 PROGRESS AGAINST LPSA TARGETS

There are no LPSA targets for this service

#### 8.0 RISK CONTROL MEASURES

During the production of the 2008-09 Service Plan, the service was required to undertake a risk assessment of all Key Service Objectives.

Where a Key Service Objective has been assessed and found to have associated 'High' risk, progress against the application of risk treatment measures is to be monitored, and reported in the quarterly monitoring report in quarters 2 and 4.

#### 9.0 PROGRESS AGAINST HIGH PRIORITY EQUALITY ACTIONS

During 2007/08 the service was required to undertake an Equality Impact Assessment. Progress against actions identified through that assessment, with associated High priority are to be reported in the quarterly monitoring report in quarters 2 and 4.

Training Budget spend in 1st quarter against cost centres 6060, 6000, 6200 & 6220, divided by the social care staffing for the 1st quarter, not including Children Services. T&D Spend £48,867 divided by £3,719,744 multiplied by 100. Staff costs provided by finance. To ensure the target is achieved monthly budget monitoring will take place, along with bi-monthly monitoring through the Adult & Children's Training Group

This PI is calculated by dividing the number of placement days; directly provided and supported in the vol sector, by the no of WTE social workers. Last year we were awarded 1080 vols and we can confidently anticipate at least this number in future years because the total no of students has increased. I expect at least an additional 990 placement days to be provided in Sept 08 to give a total of 2070, with a further intake in Jan 09.

In the first two quarters of the calendar year increased numbers of young homeless people have had to be placed in B&B due to refurbishment works at the YMCA and Halton Goals. Once these works are complete the numbers being accommodated in B&B should reduce.

The number of adults and older people in receipt of direct payments per 100,000 population is 207.29. This indicator is in relation to client users only. Direct payments used to benefit the carer (I.e respite or carers break) is reported in a separate performance indicator to measure carers services. Performance has exceeded planned target during quarter 1.

### **Key Performance Indicators not reported this quarter;**

**NI 127,** Self reported experience of Social Care Users This indicator cannot be reported on in quarter 1 as it is based on a survey, which has not taken place as yet.

**NI 182,** Satisfaction of Businesses with Local Authority Regulation Services This is a new indicator that forms part of the new National Indicator data set and systems are not currently in place to calculate the out-turn percentage. However, the indicator is based on survey data and in Quarter 1, 40% of Consumer Protection respondees gave the highest rating whilst 60 % gave the second highest rating in answer to the two relevant questions. The single, year-end return will also include the performance of the Environmental Health and Licensing functions of the Council.

**NI 183,** Impact of LA Regulatory Services on the Fair Trading Environment This is a new indicator that forms part of the new National Indicator data set. It is a year-end return based on four factors, two of which are to be provided to local authorities by central government at year-end. Hence it is not possible to provide quarterly performance information.

#### **Comments on the above figures:**

In overall terms the revenue spending at the end of Quarter 1 is £61k below budget profile, due in the main to the overachievement of income targets.

Other premises costs, shows a credit balance due to the receipt of a NNDR refund relating to a previous year.

Specific Grants include £141k Adult Social Care Workforce Grant, which replaced both the NTS and HRD Grant. This grant is expected to be spent in full by the year end.

Both rental income and receivership income have continued to overachieve against budget profiles during the first quarter of the year. Continuing the trend from 2007/8 receivership income has exceeded budget to date as service users have changed from appointee to receivership status and the service has continued to be very oversubscribed to meet existing demand (having 223 accounts are actively managed), generating increased income from charges.

This additional income will be used to fund a post in order to meet current demand and facilitate the transfer of appointee service users from Halton Supported Housing Network to the Appointee and Receivership section.

Rents from the Riverview site continue to be higher than anticipated at budget setting time.
