# **QUARTERLY MONITORING REPORT**

DIRECTORATE:	Environment
SERVICE:	Highways, Transportation & Logistics
PERIOD:	Quarter 2 half-year to period-end 30 September 2007.

## **1.0 INTRODUCTION**

This quarterly monitoring report covers the Highways, Transportation & Logistics Department second quarter period up to 30 September 2007. It describes key developments and progress against <u>all</u> objectives and performance indicators for the service.

The way in which traffic light symbols have been used to reflect progress to date is explained in Appendix 6.

It should be noted that this report is presented to a number of Policy and Performance Boards. Those objectives and indicators that are not directly relevant to this Board have been shaded grey.

## 2.0 KEY DEVELOPMENTS

#### Mersey Gateway

Public stakeholder Consultation has now been concluded with a large amount of press and stakeholder interest. This stakeholder engagement will prepare the ground for the planning and orders applications in early 2008, including the Environmental Statement.

#### Halton Lea North Bus Station

The refurbishment of Halton Lea North bus station is now complete and the facility was re-opened on 21<sup>st</sup> September as a high-quality, state-of-the-art bus station providing better weather protection, comfort and safety for passengers.

#### **Quality Corridor**

Work commenced in August on the Birchfield Road section of the quality transport corridor. The scheme will provide improvements to walking, cycling and public transport. Further works are planned to improve access and parking at Widnes Station.

#### Regeneration

The Department's involvement in the Widnes Waterfront EDZ and 3MG major projects continues. The first phase of the waterfront boulevard, Carterhouse Way, was completed in August providing access to new development sites. Design work for the western highway access connecting the 3MG development to Speke Road / Knowsley

Expressway is ongoing.

## 3.0 EMERGING ISSUES

## Beacon Bid – Improving Accessibility

Halton along with its 5 Merseyside district partners and Merseytravel have submitted a Beacon Status Bid under the theme of Improving Accessibility. An announcement is expected In October on whether the Bid is to be short listed for the next and more detailed stage. This would involve a visit to the area by the Assessment Panel.

## Street Lighting

The structural testing programme for street lighting columns has begun and this highlighted a number of columns requiring immediate removal due to being unsafe. As further work is carried out it is likely more columns will need removing. The DfT has recently amended the funding criteria for street lighting to be based on the number of columns over 40 years old instead of 30 years old, and ironically the columns that have failed are about 30 years old.

## **Emergency Planning**

An order has been placed for an Anemometer (wind monitor) to be installed on the Runcorn Approach to the Silver Jubilee Bridge. It is intended to have it operational by the end of the year. The next stage will be to link it automatically to the Variable Message Signs (VMS) to close the bridge to high sided vehicles when the wind reaches a certain threshold, initially this will be done manually via the Network Management Section or the Contact Centre outside office hours.

## Traffic Management Act (TMA)

Further sections of the TMA are due to come into force from the 1 April 2008, the biggest impact will be the requirement for internal sections to issue notices for their works as the Statutory Undertakers already do. In addition, the Council is required to inspect all works (including our own) to the same standard, therefore we will be required carry out more inspections. A number of other authorities are employing additional inspectors due to the large increase in work. The DfT and NJUG (National Joint Utilities Group) will be monitoring to check we are treating everyone working on the Network equally.

## School Travel Pathfinder Bid

The Council is intending to submit a bid to Government to improve access for children and young people, in particular from low-income households, to a wider range of education, training and work based learning facilities within the Borough.

#### Sustainable Transport Strategy

A 10 year strategy is being developed to encourage the use of

sustainable modes of travel within the Borough to complement the work proposed in the Mersey Gateway project.

## Consultations

The Council has responded to consultations on:

- Options for the Local Government Formula Grant Distribution. Changes to the formula used to calculate highway maintenance may result in a significant decrease in funding through the settlement.
- The Local Transport Bill
- Strengthening Local Delivery Modernising the Traffic Commissioner System
- Local Transport Planning The Next Steps

# 4.0 PROGRESS AGAINST KEY OBJECTIVES / MILESTONES

Total	4	••	2	○ ◆ ○	1	<b>★</b> ○ ○	1

		traffic light					

3.

## 6.1 PROGRESS AGAINST OTHER PERFORMANCE INDICATORS

18 of the 22 "Other" indicators will only be reported at year end, but at the half year stage none are expected not to meet target. Details of the remaining indicators can be found in Appendix 4.

## 7.0 PROGRESS AGAINST LPSA TARGETS

There are no current LPSA targets for this service.

## 8.0 RISK CONTROL MEASURES

During the production of the 2007-08 Service Plan, the service was required to undertake a risk assessment of all Key Service Objectives.

Where a Key Service Objective has been assessed and found to have associated 'High' risk, progress against the application of risk treatment measures is monitored, and reported in Appendix 5.

## 9.0 PROGRESS AGAINST HIGH PRIORITY EQUALITY ACTIONS

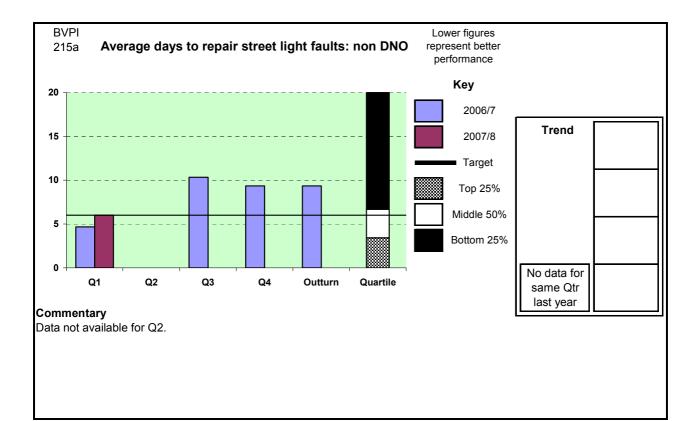

During 2006/07 the service was required to undertake an Equality Impact Assessment. Progress against actions identified through that assessment, with associated High priority are to be reported in Appendix 6.

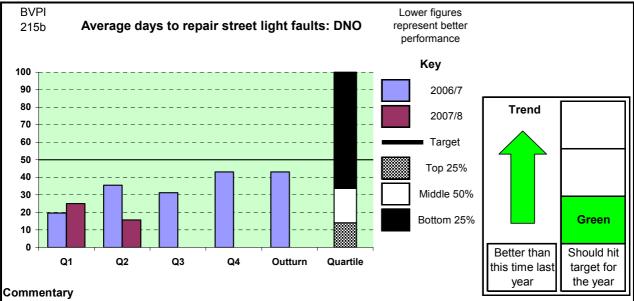

## **10.0 APPENDICES**

Appendix 1- Progress against Key Objectives/ Milestones Appendix 2- Progress against Other Objectives/ Milestones Appendix 3- Progress against Key Performance Indicators Appendix 4- Progress against Other Performance Indicators Appendix 5- Progress against Risk Treatment Measures Appendix 6- Progress against High Priority Equality Actions Appendix 7- Financial Statement Appendix 8- Explanation of traffic light symbols

Service Plan Ref.	Objective	2007/08 Key Milestone	Progress to date	Commentary
HT 01	Mersey Gateway – to complete the procedural process to achieve all necessary orders for the construction of Mersey Gateway.	Publish orders and applications by January 2008.	* 0	Public consultation now complete. Complications and subsequent delay in completing the Traffic model mean that the Orders and Planning Application will now be submitted in March 2008.
HT 04	Local Transport Plan 2 – to deliver the implementation programme of LTP2, submit Progress Reports as required by DfT and monitor progress against the Council's transport objectives.	APR 2006/07-07/08 in preparation. Requirements yet to be confirmed by DfT.	oo <del>≹</del>	Mid Term Review required in July 2008. Review of Financial and Mandatory indicators submitted to Department for Transport in July 2007
HT 05	Silver Jubilee Bridge Maintenance Major Scheme – to secure funding, complete procurement and deliver works.	Funding secured (£47m through MSB or £14.4m through PRN), procurement means established, delivery programme initiated by 31.05.08	<ul> <li>♦</li> <li></li> </ul>	Detailed response to Major Scheme Bid still awaited from DfT. Will inevitably require further work by HBC before programme entry awarded, though details of this yet to be outlined by DfT. PRN bid for 3 year maintenance programme submitted to DfT. Response expected Dec. 2007.
HT 06	Vehicle Fleet Replacement Programme – Implement and complete tendering process.	Tenders advertised. Contracts awarded by 31.03.08	o ≯	Report going to Exec Board Sub on 18/10/07 detailing the outcome of a financial options appraisal on the most advantageous financial funding method for the Fleet Replacement Programme.

Service Plan Ref.	Objective	2007/08 Key Milestone	Progress to date	Commentary
HT 07	Improving the quality and accessibility of public transport services within Halton	Introduce 24/7 booking service via Contact Centre and website by 31 March 2008	<b>○</b> ○ <del>★</del>	Software purchased and installed. System being trialled on HBC fleet vehicles in Quarter 3.

The DNO has improved their standard of service recently (This may not be maintained through the rest of the year, which is dependent upon weather and workload)

Ref	Indicator	Actual 06 / 07	Target 07 / 08	Quarter 2	Progress	Commentary

Net Expenditure	13,876	3,207	2,914	293	3,813

#### Comments on the above figures:

In overall terms revenue spending at the end of quarter 2 is below budget. This is mainly due to a number of expenditure budget areas which are underspent at this stage.

Staffing is underspent mainly in the Highways Engineers section as a result of staff turnover and vacancies for professional staff being slow to fill. In addition, there are also a number of vacancies within Transportation, resulting from staff leaving and secondments to other sections. The pay increase is still to be agreed for the year 07.08 which will also account for the variance.

With regards to underspends to date on the works budgets – Street Lighting, and Highways Maintenance, these budgets usually incur expenditure towards the end of the financial year due to the nature of the work undertaken. As a result the budgets will be spent by the financial year-end.

Hired and Contracted Services is underspent to date due in part to the fact that there is no requirement to produce an <u>annual</u> LTP progress report this financial year. However, this budget has been committed elsewhere and will be spent by the financial year-end.

Subsidised Bus Routes is underspent due to quarterly charges not yet received from other authorities and Merseytravel. This budget will be fully spent at the financial year-end, as indicated by the actual including commitment figure.

At this stage it is anticipated that overall spend will be in line with the Departmental budget by the financial year-end.

Total Income	-5,308	-2,298	-2,361	63	-2,361
Net Expenditure	-4	127	78	49	78

## **Comments**

- 1. Overall the division is operating as anticipated
- 2. The underspend on labour is a result of a vacant post
- 3. The demand for casual hire vehicles has been higher than anticipated.
- 4. The overspend on vehicle parts is a result of delays in the procurement of the new refuse fleet.
