17. Locally due to the high levels of alcohol-related harm Halton experiences the Halton Health and Wellbeing Strategy 2017/2022 includes the reduction in the harm from alcohol as a priority area. 18. The strategy identified a number of issues which may be affected by the licensing regime in Halton including: A significant proportion of cases of domestic violence are alcohol related Alcohol related crime and alcohol related violent crimes are worse in Halton than for both the North West and England as a whole Alcohol specific admissions (both among adults and those aged under 18) are much higher than the national and regional averages. 19. In addition due to the high levels of alcohol-related harm Halton was one of only twenty areas in the country to be awarded the status of being a “Local Alcohol Action Area” (LAAA). This award provided support from the Home Office and Public Health England during 2014/15 related to addressing the harm from alcohol across three areas – health, crime and anti-social behaviour, and diversifying the night time economy. 20. Working in collaboration a local alcohol strategy has been developed and agreed. The <i>Halton Alcohol Strategy: Reducing alcohol-related harm across the life course, 2014-2019</i> makes the case that the impact of drinking on public health and community safety in Halton is so great that radical steps are needed to change our relationship with alcohol. 21. The vision of the strategy is to: “Enable people in Halton to have a sensible relationship with alcohol that promotes good health and wellbeing and ensures Halton is a safe place to live”. 22. In order to achieve this vision and minimise the harm from alcohol in Halton the strategy will seek to deliver three interlinked outcomes: Reduce alcohol-related health harms Reduce alcohol-related crime, antisocial behaviour and domestic abuse Establish a diverse, vibrant and safe night-time economy.

Point 89-91 – Couter Terrorism	Inserted – new section to the policy Counter Terrorism and Public Safety The Terrorism (Protection of Premises) Act 2025, also known as Martyn’s Law, received Royal Assent in April 2025. Although there will be an implementation period of at least 24 months before the Act comes into force, this will be during the current Statement of Licensing Policy. The Act allows the SIA’s (Security Industry Authority) new functions to be established, whilst ensuring those responsible for premises and events in scope have sufficient time to understand their obligations. Martyn’s Law has been developed to ensure public premises and events are better prepared for terrorist attacks, requiring organisers to take reasonably practicable steps, which vary according to their capacity, to mitigate the impact of a terrorist attack and reduce physical harm. Halton Borough Council would expect the licensees to comply with any requirements set out within the Act as and when it comes into force. PAGE 16 of the draft policy
