ANNEXES continued ...

D Conditions consistent with the Operating Schedule

Controlled Dancing

In this condition "controlled dancing" means lap-dancing, striptease or any similar dancing.

Controlled dancing shall not take place at the licensed premises without the written consent of the Council.

In deciding whether to grant permission for controlled dancing the Council will take into account the suitability of the premises and the location of the premises.

If the Council grants consent for controlled dancing such consent shall be subject to the following standard conditions and to any other special conditions which may be so specified:

No person under the age of 18 shall be at the premises when controlled dancing is taking place.

The licensee shall ensure that controlled dancing shall not comprise or result in any offence arising by statute or at common law.

Performers of controlled dancing shall be provided with changing room facilities at the premises to which the public have no access and which are patrolled by an adequate number of attendants of the same sex as the performers

Otherwise than inside the premises (and from a position which cannot be seen from outside the premises) no photographs or other pictorial representation on posters at the premises or on any other advertisement or promotional material shall be permitted which relate to controlled dancing or the performers of controlled dancing if they can be seen from outside of the premises

Special Effects

The use of special effects involving the use of lasers, strobes, pyrotechnics, bomb tanks, storage of explosives, dry ice effects, smoke machines, firearms and fireworks, or other similar devices, shall not be permitted without the prior written consent of the Council, who may impose additional conditions. Written application for consent must be made to the Council at least 28 days prior to the performance to allow time for consultation with the Fire Officer.

ADDITIONAL CONDITIONS FOR SPECIAL EFFECTS

Where the Council grant consent for the use of special effects, the following conditions shall apply as appropriate.

SMOKING AND NAKED FLAMES

No smoking or naked flames shall be permitted on any part of the stage during any entertainment unless that use has been notified to the Licensing Authority and is provided in accordance any guidance given by the Cheshire Fire Service.

LASERS

INFORMATION

The Licensee shall obtain from the laser manufacturer or operator sufficient information, sketches, calculations, radiometric measurement data etc., to demonstrate that the system can be used safely and without risk to health together with the classification of the proposed system. This information shall be submitted to the Council with the application for consent.

EQUIPMENT

All display laser equipment shall be so designed, constructed and maintained as to be safe for use.

CONTROL AGAINST UNAUTHORISED USE

All display laser products shall be provided with a key operated ON-OFF switch to secure the laser against unauthorised use.

DEMARCATON OF LASER DISPLAY AREA

Each effect from a display shall take place within a predetermined and defined display area. The emission of laser radiation shall be terminated automatically immediately the laser effect beam leaves the boundaries of this display area.

SITING OF LASER CONTROL CONSOLE

The control console for each display laser product shall be secure and sited in such a position that the operator is able to view the whole of the display area. Where this is not practicable, alternative effective arrangements shall be made whereby the operator is able to assess the situation and be aware of any malfunction etc.

EMERGENCY CUT OFF FOR LASER RADIATION

All display laser products shall be provided with one or more readily accessible controls which will immediately terminate the emission of any laser radiation. In the event that a laser system is not required to be under the continuous supervision or control of an operator, a person at the display shall be designated to be responsible for the immediate termination of the laser radiation in the event of equipment malfunction audience unwilliness or other unsafe conditions.

DETERMINATION OF LASER RADIATION EXPOSURE LEVELS

The accessible emission levels of radiation shall be measured and/or calculated by the operator at all positions where the audience, general public, operators or performers may be exposed to the primary beam (s), or to reflections from targets and scattering materials.

MARKING OF AREA BOUNDARIES

Any area where the levels of laser radiation exceed the accessible emission limit for Class 1 laser products shall be clearly identified, appropriate warning notices posted and barriers erected to prevent the entry of unauthorised persons. Entry into these areas shall be undertaken only by authorised persons if necessary and wearing the appropriate protective equipment.

PERMISSIBLE EXPOSURE LEVELS FOR AUDIENCE/MEMBERS OF THE PUBLIC

The level of laser radiation shall not exceed the maximum permissible exposure level at any point where the public is permitted during the display. In addition unless effective means are employed to prevent access to the laser beam(s) the maximum permissible exposure level shall not be exceeded at any point:

Less than 3m above any surface upon which the audience/general public is permitted to stand; or

Premises Licence

ANNEXES continued ...

Less than 2.5m in lateral separation from any position where a person in the audience/general public is permitted during the display.

PERMISSIBLE EXPOSURE LEVELS FOR OPERATORS/PERFORMERS

The accessible exposure level of laser radiation to operators/performers shall not exceed the maximum permissible exposure if such radiation is intended to be viewed by them in order to perform their functions. In the event that such radiation is not intended to be viewed by them then the accessible exposure level shall not exceed the accessible exposure limit specified for Class 3A laser products.

USE OF SCANNING DEVICES

The use of scanning devices, including mirror balls, shall incorporate a means which shall automatically prevent exposure to levels in excess of those specified in the event of scan failure or other failure.

SETTING UP/ALIGNMENT OF LASER SYSTEMS

The following precautions shall be taken:-

The setting up/alignment of laser systems shall only be undertaken by a trained laser operator;

Only those persons required to perform relevant functions shall be present during the alignment/setting up of the system (s);

The accessible emission level of laser radiation shall be reduced to the minimum practicable level and in any event shall not exceed the accessible emission limit for Class 3A laser products;

Where necessary for the protection of those employed, appropriate protective equipment shall be worn during the alignment/setting up of the laser equipment.

FUNCTIONAL CHECKS PRIOR TO EACH PUBLIC OPERATION OF THE LASER DISPLAY

A functional check shall be made before the admittance of the public of all safety devices, interlocks etc., which have been provided to ensure the safety of persons prior to each public use of a display laser product.

SPECIAL CONSIDERATION OUT OF DOORS

Where display laser products are used outdoors, consideration shall be given and adequate safeguards adopted for those persons liable to view the

beam directly within the nominal hazard distance and also those who might view the beam or its reflections using optical aids. In this context special consideration shall be given to the hazards that the use of a display laser product might present to traffic movements including those by air, sea, harbour and road.

STROBES

Strobe lighting shall not be used or installed within the Premises without the prior written consent of the Council.

As the flashing lights can have a disorientating effect and have been known to induce epilepsy the Licensee shall ensure that they are installed by experts and to reduce the hazard strobe lights shall be operated on a fixed rate of not more than 8 flashes per second. Where more than one strobe light is in use the flashes shall be synchronised.

Where strobes are in use in a theatrical production the Licensee shall provide a warning in the foyer and/or programme to this effect.

PYROTECHNICS

Pyrotechnical devices must only be operated by a person competent to handle them, who has been adequately trained to the satisfaction of the Council in the correct method of control and operation by either the manufacturer, importer or their agent.

The operator must have a direct view of all devices, the surrounding and fall out area.

The firing device must be fired by the use of a control box, such boxes must be fitted with a key operated isolating switch, the key to be in the possession of the operator at all times.

The control box must not be energised until immediately before use.

The device must not be placed where it will endanger the public, staff, attendants or the Premises. Any proposed locations must be discussed with and approved by the Council.

The device must not be fired until all persons are in a safe position. Should the device fail, it must be replaced with a fresh device and the defective item disposed of in a safe manner.

No devices must be stored or used on the Premises without the prior approval of the Council.

Any devices approved for storage on the Premises must be in an enclosure which is fire resisting to the half hour standard in accordance with current British or other approved standard.

The enclosure must be against an outside wall with direct ventilation to open air. No sources of ignition or other materials must be within the store.

A "NO SMOKING" notice must be displayed on the door and a nine-litre water type extinguisher must be sited adjacent to the enclosure.

Fireworks, maroons and flash powder must be stored separately from percussion caps, safety cartridges, safety fuses and detonators, either in separate stores or if the aggregate weight does not exceed 7 kg, one store subdivided by a fire-resisting compartment.

BOMB TANKS

All bomb tanks must be constructed of metal and should be sited offstage. They must be sited clear of all persons and combustible items.

When bomb tanks are in use warning notices to read "DANGER - EXPLOSIVES - KEEP CLEAR" must be positioned on the tank so that they are visible from all sides. The notice to be in block letters not less than 50mm high.

If the tank is positioned where it can be approached without warning "NO ENTRY" notices must be placed at strategic points to isolate the tank from unsuspecting staff.

The operator must have a direct view of the tank and surrounding area before firing. Before reloading, the firing box must be isolated.

Only the smallest maroon capable of providing the effect must be used.

In any performance when bomb tanks are to be used, the Licensee shall display throughout the areas used by the public and in any associated programme, a warning of their intended use and their effects.

Bomb tanks must only be used and operated by a person competent to handle them, who has been adequately trained to the satisfaction and

Premises Licence

ANNEXES continued ...

prior approval of the Council in the correct method of control and operation by either the manufacturer, importer or their agent.

STORAGE OF EXPLOSIVES

Storage of explosives will be of two types, receptacles containing small amounts for use in the performance and storage enclosures for the keeping between performances.

Storage receptacles shall be constructed of substantial construction as required by current legislation, e.g. a japanned or tinned iron or steel box or a wooden box. Any metalwork exposed within the interior shall be either non-ferrous or covered in non-ferrous metal, not readily ignitable or paint of 1mm thickness. A notice in block letters not less than 25mm high stating "DANGER - NO SMOKING - NO NAKED FLAME" shall be provided on the outside of the lid.

The storage enclosure shall be of fire resisting construction and be positioned against an outside wall. It shall be secure, away from public areas and have ventilation direct to open air. It shall contain no combustible or other substances which are not compatible with explosives. There shall be no sources of ignition within the store. A notice "NO SMOKING" shall be provided on the external face of the door in the dimensions referred to for a receptacle.

DRY ICE SMOKE EFFECTS

The concentration of carbon dioxide must be strictly controlled and monitored.

The machine and the effects must not obstruct exits or exit routes.

Dry Ice must only be handled using suitably insulated gloves.

SMOKE MACHINES

The machine and its effects must be controlled and be within the sight of the operator at all times.

The smoke produced must be non-toxic and non-flammable. Documentary evidence to this effect may be required by the Council.

The machine must not be sited near combustible materials, smoke detectors or exits and shall be in an approved position.

The machine must be operated for the minimum amount of time to achieve the necessary level of density and be switched off. The operating time may be controlled by the Council following a practical demonstration.

The smoke produced must not obscure exits, exit routes, staircases or changes in level. The amount of smoke entering the auditorium must not adversely affect public safety. Fans and ventilation may be required to control the direction and dispersal of the smoke.

D - Display of Licence

D1 The Summary Licence or a certified copy of that summary must be prominently displayed at the premises whenever the premises are being used for one or more licensable activities authorised by the licence.

D2 A notice specifying the position held at the premises by any person nominated for the purposes S 57 (2) of the LA 2003 (which relates to the keeping at the premises of the premises licence or a certified copy of it) must be prominently displayed at the premises whenever the premises are being used for one or more licensable activities authorised by the licence.

D3 Whenever the premises are being used for one or more licensable activities authorised by the licence a constable or an authorised officer may require any person referred to in D2 as the person nominated for the purposes of S 57 (2) L A 2003 to produce the premises licence or a certified copy of it.

Trading Hours and Licensed Activities Signs

There shall be displayed at the entrance to the premises a sign, which is clearly visible to members of the public visiting those premises containing details of the trading hours under the premises licence, the licensable activities permitted on those premises and any maximum occupancy level set for the premises.

E Mandatory Condition

1. No supply of alcohol may be made under the premises licence-

(a) at a time when there is no designated premises supervisor in respect of the premises licence, or

(b) at a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.

Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.

Premises Licence

ANNEXES continued ...

2. (1) The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

(2) In this paragraph, an irresponsible promotion means any one or more of the following activities or substantially similar activities carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises-

(a) games or other activities which require or encourage, or are designed to require or encourage, individuals to -

(i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol) or

(ii) drink as much alcohol as possible (whether within a time limit or otherwise)

(b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carried a significant risk of undermining a licensing objective.

(c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carried a significant risk of undermining a licensing objective.

(d) selling or supplying alcohol in association with promotional posters or flyers on, or in, the vicinity of, the premises which can reasonably be considered to, condone, encourage, or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner:

(e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

3. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

4. (1) The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.

(2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

(3) the policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request before being served alcohol identification bearing their photograph, date of birth and either-

(a) A holographic mark, or

(b) An ultraviolet feature

5. The responsible person must ensure that-

(a) Where any of the following alcoholic drink is sold or supplied for consumption on the premises (other than

Premises Licence

ANNEXES continued ...

alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) is available to customers in the following measure-

- (i) Beer or cider, ½ pint
- (ii) Gin, rum, vodka or whisky: 25ml or 35ml, and
- (iii) Still wine in a glass: 125ml

- (b) These measures are displayed in a menu price list or other printed material which is available to customers on the premises, and
- (c) Where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

6. A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

Note

Article 3 makes provision to the effect that an activity which is not prohibited by paragraph 1(2)(b) of the schedule to the 2010 Order as it was in force immediately before the coming into force of this order, because it related to alcohol consumed at a table meal (as defined in section 159 of the 2003 Act) will continue not to be prohibited provided certain conditions are met: these are that the activity is available only to an individual who holds a ticket or other written invitation in respect of that activity which was purchased by, or given to, that individual on or before 30 September 2014 and the activity takes place on or before 5 April 2015.
